The student is responsible for:

- 1) paying for all course fees/books/ or other charges.
2) completing course registration process and being knowledgeable of requirements and procedures.

The student must complete and pass the course by the end of the semester term. The course provider awards credit. The home school does not have the authority to change a course value or grade.

In District concurrent course enrollment allowed with counselor and parent approval. It is recommended to receive Administrative approval. Quarter and semester grades will be uploaded through Power Teacher and completion dates follow the RRPS Board Approved District Calendar. Student’s schedule in Power School must accurately reflect the enrollment of the concurrent courses. If any discrepancy is observed it is the responsibility of the student to point this out to the counselor to get it addressed and corrected immediately. Grades cannot be awarded unless the student is properly scheduled.

I have read and agree to the above stated information.
